

ParTab — Press Kit

Create it. Score it. Settle it.

What is ParTab?

ParTab is a golf scoring and competition platform for the games golfers actually play. On iPhone and iPad it scores side bets and group games — Skins, Nassau, Stableford, Chicago, Best Ball, Match Play, Wolf, Banker, 6-6-6, and Bingo Bango Bongo — with handicaps, presses, and payouts handled automatically, live leaderboards, and Ryder Cup-style team events. Through the organizer console at golfpartab.com, golf courses and leagues host full tournaments: public signups, online entry payments, flighting, purses and payouts, printable tee sheets and scorecards, and a clubhouse TV leaderboard. Course maps and GPS come from iGolf's database of more than 40,000 courses.

The story

ParTab started with the games founder Kody Rathe and his buddies were already playing — and the hour of scorecard math and side-bet arguments that followed every round. The app launched on the App Store in summer 2026 and was field-tested on the founder's own three-day Ryder Cup trip; the “trophy photo” feature exists because his group wanted their real trophy, a championship belt, on the digital board. In August 2026 ParTab partnered with iGolf to put real course intelligence underneath every game. Next up: season-long leagues and deeper tournament tools for the courses that host them.

What it does

- **Group games, scored automatically** — Skins, Nassau (with presses), Stableford, Chicago, Best Ball, Match Play, Wolf, Banker, 6-6-6, Bingo Bango Bongo; gross or net; payouts settled at the end of play

- **Live leaderboards** — every player scores on their own phone; the whole group, and anyone following along, sees standings update hole by hole
- **Ryder Cup weekends** — teams, sessions (fourball, foursomes, scramble, singles), weighted match points, a live cup board, 36-hole days
- **Tournament hosting for courses and leagues** — public signup pages and QR posters, online entry payments settled to the course's own bank account, waitlists, automatic flighting, per-flight purses and payouts, printable tee sheets and scorecards, TV leaderboard
- **Course intelligence from iGolf** — satellite hole maps, front/center/back distances, tap-to-measure yardages, and a distance-only Tournament Mode for competitive play
- **Linked players** — saved friends' handicaps update automatically from their own accounts

Quotes

“Golf has always been about more than the final score, and ParTab has created a great platform around the games and competition that make a round with friends memorable.” — Ryan Kimberling, Vice President of Sales & Strategy, iGolf

“ParTab started with the games my buddies and I were already playing — we just got tired of the napkin math in the parking lot.” — Kody Rathe, Founder, ParTab
